## HERBS AND SPICES, ETC.

To spice up your favourite flavour, we can add some delicious natural herbs and/or spices, like: Celtic sea salt, chili, garlic, coco, fennel or your own favourite herb/spice.

5 spices	chili coco	Peruvian	wasabi
Arabic	fennel	rosemary	za'atar
basil	garlic pepper	sea salt (Celtic)	... or your own
BBQ	ginger mint	sesame	favourite herbs
chia	Italian	strawberry yoghurt	and/or spices
chili	lavender	thyme	

## PICK & MIX

Of course you can buy just cashews, pecans, almonds, etc., but you can also create your own mix.

Our Pick & Mix concept is a great hit. You can create your own perfect mix that meets your quality and price level.

If you want a luxury mix, you combine e.g. cashews, pecans and macadamias and for a more economic but still delicious mix, you replace some high-priced nuts with less expensive ones, like peanuts.

Pick your own mix, give us your price level, your favourite flavour and perhaps some herbs & spices, and we'll combine these variables into the perfect mix for you and your customers.

## CONDITIONS

On all our deliveries, orders and quotes our General Terms and Conditions apply. General Terms and Conditions are registered at the Chamber of Commerce in Utrecht and can be sent on your request.
